Cypress Insurance Company Wins Arkansas Award For Workers' Compensation Case Management

Cypress Insurance Company has been awarded the title of Exemplary Carrier by the Arkansas Workers' Compensation Commission (AWCC) for a carrier handling a small percentage of cases in the state.

The "exemplary" award represents excellent claims-handling by an insurance company of its workers' compensation accounts. The company's caseload in Arkansas is handled by Cannon Cochran Management Services in Little Rock. Doug King, representing Cannon Cochran, accepted the award for the carrier at a March 29-31 Workers' Compensation Educational Conference in Hot Springs.

The award was announced at the awards luncheon of the convention, held annually to address medical, legal, insurance, and employer/employee issues related to workers' compensation.

Each year, Arkansas monitors companies handling workers' compensation claims for employers, grading each one on the number of cases and the timeliness in reporting injuries and paying injured employees.
